

BIH Digital Health Forum

Dear digital health community at BIH, Charité, MDC and in Berlin!

Are you a researcher, clinician, health care professional, designer, developer, engineer, regulatory expert, corporate innovator, entrepreneur, investor or mentor working in digital health, or generally interested in this topic?

You are cordially invited to the next BIH Digital Health Forum (formerly Roundtable) – an event series to connect everyone interested in digital health to stimulate our innovation ecosystem in Berlin and beyond.

The event series is organized by Berlin Health Innovations (BHI) and Hacking Health. This time, we are happy to present:

Prof. Christian Johner, Founder & CEO Johner Institute for Healthcare IT

Topic: The Future of Regulation: Do Digital Technologies Need New Procedures for Regulation?

Agenda (tentative):

5:30 – 6 pm	Doors open
6:00 – 6:10 pm	Welcome: BHI, Hacking Health
6:10 – 6:45 pm	Keynote Prof. Christian Johner*, Founder & CEO Johner Institute for Healthcare IT
6:45 – 7:00 pm	Grill the Expert! Q&A form the Audience
7:00 – 8:00 pm	Pitch Your Tech & Grill the Pro: Get real-time advice from an internationally renowned expert on the regulatory situation on your idea, project, prototype, startup. Everyone is invited to pitch who has a technology in the field of healthcare which contains a software component.
8:00 – 9:00 pm	Networking with drinks and snacks.

Everyone is invited to participate actively in the forum with questions and comments!

When? Wednesday, September 26, 2018, 6pm

Where? Charité Campus Mitte, Hörsaalruine, Virchowweg 16, 10117 Berlin

We look forward to seeing you!

*Christian Johner, is the founder and owner of the Johner Institute for Healthcare IT. He is an internationally renowned expert for medical software. As a professor in several universities, his lectures are in the field of software architecture, software engineering, software quality assurance, and medical computer science. His consulting focus is on the lean implementation and implementation of quality management systems, processes, and tools. Christian Johner, together with his team, consults countless medical technology manufacturers in Europe and in the USA in their medical software development and authorization. His customers also include many notified bodies.

BIH Digital Health Forum

Liebe Digital Health Community an BIH, Charité, MDC und in Berlin!

Sind Sie Forscher/in, Kliniker/in, Designer/in, Programmierer/in, Entwickler/in, Ingenieur/in, Regulierungsexperte/in, Unternehmer/in, Investor/in oder Mentor/in im Bereich Digital Health oder allgemein an diesem Thema interessiert?

Wir laden Sie herzlich ein zum BIH Digital Health Forum (ehem. Roundtable) – einer Veranstaltungsreihe, die Digital Health-Interessierte zusammenbringt, um Innovation in Berlin und darüber hinaus anzuregen.

Die Veranstaltungsreihe wird von Berlin Health Innovations (BHI) und Hacking Health organisiert. Wir freuen uns, diesmal einen herausragenden Keynotespeaker aus der internationalen Digital Health Community gewinnen zu können:

Prof. Christian Johner, Founder & CEO Johner Institute for Healthcare IT

Topic: The Future of Regulation: Do Digital Technologies Need New Procedures for Regulation?

Tagesordnung (vorläufig):

17:30 – 18:00	Doors open
18:00 – 18:10	Willkommen: BHI, Hacking Health,
18:10 – 18:45	Keynote Prof. Christian Johner*, Founder & CEO Johner Institute for Healthcare IT
18:45 – 19:00	Grill the Expert! Q&A vom Publikum
19:00 – 20:00	Pitch Your Tech & Grill the Pro: Fragt den Experten zu eurem Projekt, Prototypen, Startup und erhalten direkt auf der Bühne Regulatory Advice. Es ist jeder eingeladen zu pitch, der/die eine Technologie im Bereich Medizin entwickelt, die über eine Softwarekomponente verfügt.
20:00 – 21:00	Networking bei Getränken und Snacks.

Alle sind eingeladen, sich aktiv am Forum mit Fragen und Kommentaren zu beteiligen!

Wann? Mittwoch, 26. September 2018, 18 Uhr

Wo? Charité Campus Mitte, Hörsaalruine, Virchowweg 16, 10117 Berlin
