

BIH Digital Health Forum: Holiday Update

To our digital health community at the BIH, Charité, MDC, and in Berlin,

Happy Holidays! We hope you and your families are safe and healthy indoors during these challenging times. As you know, we are unable to host the BIH Digital Health Forum in-person, so we want to keep you updated about interesting happenings related to digital health.

Innovation Calls

Are you looking for funding? Check out various calls for proposals below; some are specific for COVID-19.

Innovative Medicines Initiative: Call for Proposals

As the largest private-public partnership in the life sciences, the IMI funds collaborations in research and innovation for public health benefit. The final deadline for IMI's most recent call is **March 17**, 2021. Learn more about its topics of interest [here](#).

StartUp Health Call for COVID-19 Innovation

Are you working with COVID-19 data, diagnostics, tests, or telehealth? [Learn more](#) about StartUp Health's ongoing innovation call intended to help the public, patients, and health professionals alike.

DIGI-B-CUBE Project Funding

They support small to medium-sized enterprises – and new start-ups – with projects focusing on integrating digital innovations and disruptive technologies in medical diagnostics and related value chains. [Apply](#) for equity-free funding (up to 60,000 €) until **February 3**, 2021.

Online Events

Are you interested to learn more about digital health topics in the comfort of your home? Find something below that piques your interest; all events are free unless otherwise stated.

Harvard Medical School: U.S. Health Policy After the 2020 Election

On **December 17**, learn about the election's potential implications for health insurance coverage, payment policies for providers, and considerations for Medicare and privately-insured populations. [Register](#) now, and [sign up](#) to be informed about future HMS webinars.

Ageing Fit Conference (*Fee required*)

On **January 25-28**, tune in for live pitches, conference sessions, and virtual exhibitions related to innovation for the senior care market. Claim your [ticket](#) now, or [apply](#) now for a chance to present your innovation project.

Harvard Medical School: What can AI researchers learn from the COVID-19 pandemic?

On **January 26**, learn about the potential implications of the election results on health insurance coverage, payment policy for health care providers, and key considerations for the Medicare and privately-insured population. Register [now](#).

LSX World Congress

On **February 1-5**, 2021, connect virtually with executives in biotech, health tech, and MedTech and learn about strategy, investment, and commercialization. Register for your free ticket [now!](#)

LSX Healthspan Show *(Fee required)*

Are you interested in chronic disease management, nutrition, or mental health? On **May 10-14**, 2021, LSX hosts a digital wellness promotion event for investors, brands, and start-ups. Register [here](#).

Intelligent Health AI Global Summit Series *(Fee required)*

On **May 11-12**, 2021, tune into the summit for 150+ speakers' live talks, networking opportunities, and panel sessions about the global distribution of AI. Learn more [here](#). You can also stream past webinars about COVID-19 digital contact tracing apps, health data use, and AI in low-to-middle-income countries (LMICs) [here](#).

Our team is dreaming of times when we can host the Digital Health Forum again in-person, but for now, we hope you all enjoy some online events. Keep an eye out for our updates in the new year.

Wishing you all a wonderful holiday season and a happy new year!

Your BIH Digital Health Forum team
