

# BIH Digital Health Forum –Update

Dear digital health community at BIH, Charité, MDC and in Berlin,

We hope you and your families are all safe and healthy during these demanding times!

As the BIH Digital Health Forum remains cancelled due to the still in place Covid-19 meeting regulations, we like to keep our community updated on important topics in the field of digital health. Of course, this is just a small selection of webinars, resources, and opportunities to contribute which might be of interest to share within our community.

## Interested in a Healthcare Corporate VC perspective on Covid-19?

In this [article](#), German Accelerator Life Sciences sums up their webinar about the adjustments founders need to make in times of Covid-19, gives advice on how to change your startup's business model and the current state of investments.

## Reminder: Call by Deutsche Forschungsgesellschaft

The July 1 deadline for the [multidisciplinary research call](#) for Epidemics and Pandemics by DFG is coming up! Submit your letter of intent by the deadline and your research proposal by September 1.

## Call: Bayer G4A Partnerships 2020

Digital health is changing the world. From chronic disease management to prevention, G4A's goal is to empower people with the tools and access they need to take control of their health. G4A does this through [partnering](#) with a diverse and vibrant ecosystem of digital health companies. This year, G4A is seeking to collaborate in these areas: Cardiometabolic and Renal Diseases, Oncology, Women's Health, and Pharmacovigilance. The G4A Partnerships Program offers opportunities for commercial partnerships, investments, co-creation and joint ventures to companies with business traction and a 75k Euro convertible loan plus executive mentorship to early stage companies (Seed-Series A). Applications are [open](#) until June 30.

## Call: Digital Health London Accelerator

Looking to get your health tech solution adopted by the NHS? Join the Digital Health London [Accelerator](#) and gain insight and access to London's NHS sector through workshops, events and mentoring. [Applications](#) close July 5.

## Are you interested in startup-specific news?

The European Union's Startup Europe Club provides the latest [news](#) on Covid-19 for startups, including calls, initiatives and funding.

## Do you have an idea or a project that supports challenges caused by Covid-19?

Share it or connect with already existing ideas and projects on this Berlin-specific [platform](#).

## Digitale Gesundheitsanwendungen (DiGA): new regulatory on data security and data privacy

Wondering how your startup can fit into the new regulations on data security and privacy in Germany? Learn more about regulations and DiGA in this [article](#) by the Johner Institute (in German only).

## Virtual Meetup: Regulatory Checklist for the Digital Startup

Looking for a more interactive format to learn about new regulatory for digital therapeutics? Join this virtual [meetup](#) organized by AXP Venture on June 22.
