

# BIH Digital Health Forum: Update

To our digital health community at the BIH, Charité, MDC, and in Berlin,

We hope you and your family are healthy and safe during these difficult times. At the BIH Digital Health Accelerator, our team is healthy and keeping busy after the [launch](#) of our 2020 Digital Health Accelerator cohort. Due to Covid-19, we cannot host the BIH Digital Health Forum in-person, so we want to keep you in the know about upcoming online events.

**Are you interested to learn more about digital health topics?** Check out the webinars and online conferences below; all are free unless otherwise stated.

## Data Natives Unlimited Conference

We are happy to support our partners at Data Natives! Join 5,000 data-savvy attendees on **November 18-20** for Europe's largest data science conference. Listen to 100+ speakers like [Christopher Wiggins](#) (Chief Data Scientist at The New York Times), [Erika Cheung](#) (a key whistleblower in the Theranos scandal and Executive Director at Ethics in Entrepreneurship), and [Flynn Coleman](#) (International Human Rights Lawyer, Educator, Harvard University), among [others](#). Tickets are free to access the conference and networking, and those in our community can get 15% off of paid tickets (Code: [DNU\\_BIH\\_15](#)). Claim yours [now!](#)

## Harvard Medical School Webinar: Emerging Business Models in Digital Health

Tune in on **November 23** to hear the CEO of Rock Health—a venture fund focused on early-stage digital health start-ups—discuss the accelerated adoption of use cases in the dynamic clinical, reimbursement, and regulatory environment of the pandemic. Register [here](#).

## Bayer G4A Agents of Change: A Digital Health Forum

G4A's event on **November 18** features a keynote presentation from [Jens Spahn](#), the German Federal Minister of Health, and five panel discussions with experts from Evidation, the Bill & Melinda Gates Foundation, Institute of the Future, and other thought leaders in digital health around the world. Topics include digital health's role in pharma, pandemic-resilient investing, patient centricity, health equity/access, and FemTech. [Registration](#) is free!

## STAT Virtual Summit (*Fee required*)

Listen to some of the greatest minds in science and medicine discuss new vaccines and the regulatory landscape in the wake of Covid-19. Get your ticket for **November 16-19** [here](#).

## Reuters' Total Health: Build a Better Healthcare System

Want to become part of a movement? This virtual forum on **November 19-20** unites innovators, CEOs, disruptors, and policymakers to set the roadmap for a system with full access and health equity. Speakers include [Dr. Anthony Fauci](#), among others. Tune in [here](#).

## EIT Health Summit 2020

Interested to connect with others? From **November 24 to December 3**, EIT Health's interactive, virtual event features talks and opportunities to network and engage in conversations about critical topics in healthcare innovation. [Sign up now.](#)

### **HEALTH x INSURANCE: Digital Health Showcase and Digital Health Summit**

Tune in on **November 26** for InsurTech Hub Munich's showcase of their top 15 start-ups and panels with experts from the insurance and healthcare spheres ([Registration](#)). On **November 25-27**, also join our colleagues in Munich for their [Digital Health Summit](#).

### **European Society of Cardiology: Digital Health Summit**

Are you a healthcare professional? Learn from experts on **November 30 - December 3** about the latest digital health solutions and cardiovascular medicines. Check it out [here](#).

### **EIT Health Event: Biobanks & Health Data Registers Matchmaking**

Eager to collaborate with biobanks and data registries? Attend the event on **November 23** and meet potential partners for product development and validation. Register [here](#).

### **Webinar: Unique Possibilities for Use of Danish Healthcare Data**

Join Denmark's Ministry of Foreign Affairs on **November 18** to hear about opportunities to use Danish health data—like the cohort of all Danish Covid-19 patients—for developing new innovative medicines. Learn more [here](#).

### **Mental Health in Crisis Webinar**

Join Psy Therapeutics on **December 9** to hear about their novel approach to small molecule drug discovery and development for neuropsychiatric disorders. Claim your spot [now](#).

### **Are you an entrepreneur, intrapreneur, or start-up?**

The Arkathon Program in Switzerland has an open call for applications until **November 30**. Healthcare innovators should [apply](#) for a chance to co-develop solutions with the economic support of public funds.

We hope you all will enjoy some events in the safety and warmth of your homes. Look out for our update next month!

Wishing you all the best,

Your BIH Digital Health Forum team
